Annual Anniversary Sale Is Now On

**With Reduced Prices Throughout Our
Brand New, Superb Stocks of Furniture,
Carpets, Rugs and Household Goods**

THE idea of starting a season by such a method at this time is unique and daring, but it gives an indication of the progressive and aggressive spirit which has built up our tremendous and far-reaching business. We followed this plan a year ago with astonishing success. This year it will be even greater, for our assortments are greater, our facilities greater, our ambitions greater.

Let Us Impress Some Powerful Facts Upon Your Memory:

FACT No. 1.—Our stock is absolutely new. No old patterns. Our enormous trade never allows us to accumulate goods.

FACT No. 2.—Our credit system is the cleanest, most rigidly fair and honest that can be devised.

FACT No. 3.—We show new styles and designs one year in advance of other houses. This you know to be true.

FACT No. 4.—We occupy our own building. No rent to pay. Thus current expenses are cut to the minimum.

FACT No. 5.—We undersell all others, owing to our vast and almost unlimited purchasing power.

FACT No. 6.—All goods are marked in plain dollars and cents, with no secret signs to worry the customer.

FACT No. 7.—Every article bears the original price and the reduced price, showing how this sale benefits you.

FACT No. 8.—Any goods purchased during this sale will be stored until wanted, without extra charge.

FRIDAY EVENING, MAR. 12, 1909.

WHY INCORPORATION OF SOUTH CONNELLSVILLE WILL BE UNPROFITABLE.

The South Connelville citizens are evidently taking a second and more deliberate thought and a more comprehensive view of the question of incorporation as a borough. It is admitted even by the friends of the movement that it has lost ground. The unwillingness, if not the refusal, of the town to be better understood after a few discussions of the proposition in all its phases.

We fear some of the promoters of the enterprise fail to have a just appreciation of the position of a public newspaper in the discussion of public matters. We are in receipt of a remarkable communication from one who is either afraid or ashamed to sign his name thereto in which he says that our "advice is uncalculated for." He is evidently an ardent advocate of incorporation, and if our guess as to his identity is correct he is one of a small band of patriots whose members hope to benefit personally and materially by the creation of South Connelville into a borough. HIS PUBLIC SPIRIT PERHAPS HAS A PRIVATE INTEREST ATTACHED.

He points out that New Haven was incorporated years ago and wants to know why South Connelville can't do as well as New Haven did. He informs us that South Connelville has been incorporated and willing to assume the responsibilities of borough government, "men whose mental facilities are big enough and broad enough to conduct the affairs of an incorporated town." No doubt there are some willing enough to pile a mountain of debt upon South Connelville property for future generations to liquidate without much regard to the wisdom of the expenditure. We fear the "mental facilities" of these are more facile than finished.

We do not question the right nor the ability of South Connelville to incorporate. If a majority of its citizens so desire, but we have questioned and we do question and we shall continue to question the wisdom of their doing so for the reasons which we have from time to time pointed out in these columns. Without enumerating them again we may say briefly that SOUTH CONNELLSVILLE CAN HAVE ALL THE ADVANTAGES OF BOROUGH GOVERNMENT MORE PROMPTLY AND MORE FULLY AND MORE CHEAPLY BY CONSOLIDATION WITH CONNELLSVILLE THAN SHE CAN POSSIBLY HAVE BY SETTING UP A SEPARATE BOROUGH. We have clearly shown this and there has been no serious attempt to refute or deny the fact.

Our anonymous communicator accuses us of trying to dictate to those who know what they are doing, and trying to "coil around the opposition to the movement and hold them in readiness to sign a remonstrance which might possibly arise, and they know not what they are signing." We sometimes advise, but we never dictate, and we may be pardoned, after what we have already said, for expressing the opinion that the signers of a remonstrance against incorporation will know better what they are signing than the promoters of incorporation realize what they are doing, or trying to do.

The private interests of the editor do not dictate the policy of this paper. The Courier is broader than that. But, since it has been intimated that we are so strongly in favor of business intruding upon this matter, it may be proper to state that we have some property interests in South Connelville which entitle us in our private capacity to a voice in the proposition for incorporation if we choose to exercise the right.

We do not undertake to defend the statements or the arguments of those whose communications we publish. They must speak for themselves. But we may say with reference to the issue of bonds that such bonds are a mortgage on the real estate of the borough or township in the sense that the property is bound through taxation, for their payment. Incorporated communities usually issue bonds for the purpose of making immediate improvements of a lasting nature. This policy is justified by reason of the fact that permanent improvements are secured at once, and future generations or new citizens who come to enjoy them later pay an equitable proportion of their cost.

The wisdom of a bond issue as a business proposition depends entirely upon circumstances. In the case of South Connelville, that community, if it becomes a part of Connelville, WILL NOT HAVE TO ASSUME ANY PORTION OF OUR PRESENT INDEBTEDNESS; but on the contrary, any bond issue the proceeds of which may be devoted to the improvement of South Connelville AS A PART OF THE GREATER TOWN will be a lien upon the property of THE WHOLE TOWN; on the other hand, if South Connelville incorporates separately and issues bonds, SUCH BONDS WILL BE A LIEN UPON THE PROPERTY OF SOUTH CONNELLSVILLE ALONE, and if at some subsequent time her citizens should elect to consolidate with Connelville, as New Haven has just done, THEY WOULD

STILL HAVE TO PAY THEIR OWN DEBT OUT OF THEIR OWN POCKETS WITHOUT ANY ASSISTANCE FROM THE GREATER TOWN OF WHICH THEY BECAME A PART.

The incorporationists refer with what passes for wit to the fatal effect of annexation to Connelville "with her thousands of dollars of expense." They would have the South Connelville citizens believe that they will have to pay the "thousands of dollars" if they unite with Connelville, WHILE AS A MATTER OF FACT SOUTH CONNELLSVILLE WILL ONLY PAY A SMALL SHARE OF THOSE EXPENSES FOR WHICH SHE WILL RECEIVE MORE THAN AN EQUITABLE RETURN.

If South Connelville becomes a borough now it will eventually consolidate with Connelville for the same reason, which moved New Haven to do so, namely, the mutual advantages of such community of interest. Under these circumstances we need hardly point out the fact that the SOUTH CONNELLSVILLE CITIZENS COULD NOT COMMIT A GREATER ACT OF FOLLY THAN TO SET UP A SMALL BOROUGH AND SADDLE THEMSELVES WITH A LARGE DEBT, FROM THE PAYMENT OF WHICH THEY CAN NEVER ESCAPE, FOR THE PURPOSE OF OBTAINING THE ADVANTAGES OF A MODERN TOWN, WHEN THEY CAN HAVE THE SUBSTANTIAL HELP OF THE LARGER TOWN IN OBTAINING ALL THOSE ADVANTAGES IN MUCH LESS TIME AND AT MUCH LESS COST. It is the incorporationists who "know not what they are doing," unless it be those whose deliberate purpose is to "do" their neighbors.

In conclusion we have only to say that we have the advancement of South Connelville as much at heart as any of its citizens and consequently we have deemed it and still deem it our duty as a public newspaper to set forth the reasons why we think incorporation will be unwise for the citizens of that community at this time.

The verdict in the case of Constable Shrum, tried for the shooting of a South Connelville citizen in New Haven and wounding him in such a manner that he cannot recover but is doomed to a lingering death, was rendered under the law. It is not probable that Constable Shrum was bent on murder, but there was evidence that he acted rashly and indiscreetly. An officer of the law is never presumed to be guilty of inflicting death unless the fact is clearly shown. His position renders it necessary that the presumption of righteousness shall be maintained with him under all circumstances. In the absence of such presumption his service would be perilous and inefficient.

We fear that the itch for office is prevalent in South Connelville. Foxmaster Collins' inquiries concerning the effects of consolidation brought an answer in person from the Hon. Ernest P. Anderson, a member of the Pennsylvania House of Representatives. Free delivery will soon be an established fact on the West Side.

THE INCORPORATION OF SOUTH CONNELLSVILLE.

Anonymous.
SOUTH CONNELLSVILLE, March 11.
I notice you are taking very much interest in the movement of the South Connelville citizens are taking in the way of incorporating now. After reading your editorial of last night, I would say that I believe your advice is uncalculated for. I notice that you say that it would be folly for such a small community to incorporate and assume the burdens of a borough government, which I predict we will, our small community will have about 2,000 population, or about 500 more than New Haven had at the 1890 census. Before consolidation, had not New Haven made good as a borough? Then what has been done in this way, and it is done by South Connelville? We have men here who are capable and willing to assume the responsibilities arising from a borough, men whose mental facilities are big enough and broad enough to conduct the affairs of an incorporated town.

Then, why do you try to dictate to those who know what they are doing, and try to "coil around the opposition to the movement and hold them in readiness to sign a remonstrance, which might possibly arise, and they know not what they are signing."

I notice that one of our esteemed citizens has taken liberty to oppose the movement through your columns. He has stated that to issue bonds would be the same as giving first mortgage on every man's property. Are not the facts of the matter the same in every borough and in Connelville? Then we might as well that question by the following: If the formation of a borough would be so hard on us as some people have been led to believe, it would be about six months to the hospital for ours, but to annex to Connelville with her thousands of dollars of expense, could mean nothing else than sudden death.

I also believe he has exaggerated the matter in one of his statements wherein he has attempted to describe the boundaries of South Connelville. These mountains are not high and rocky nor are they standing on their edges and seem to threaten the whole village by crashing it out of existence. We have hills here, we must admit, but I believe that that exaggerated statement has led others to believe something which is not so. Mountains do not overhang South Connelville, nor does anything else overhang us when it comes down to the point of carrying out a sensible business proposition.

The citizen of which I speak, used the press entirely in giving his views on the matter. He has not attended any of the meetings. Had he done so, probably he could have given the promoters some advice when the proposition was yet young. But he did not do this. That is why I say that he has done the community in which he lives a wrong.

I have no grudge against The Courier or the Editor of which I speak, but hope neither one will place anything in the way of South Connelville's advancement.

ALMOST A NEW STORE

So many new goods here that this looks almost like a new store. Every department has almost an entire new stock to show. Pretty goods and stylish garments here that we are anxious to have you see. Bought them for you and want your opinion of them.

THE DRESS GOODS STOCK.

Prices start at 50 cents and from that on up to \$1 and \$3.50 the yard. Plenty of individual patterns here if you want something particularly your own. Newest shades and newest fabrics. Call particular attention to the showing of goods at \$1.00 the yard.

DRESS TRIMMINGS.

All the new bands and laces. Prices from 5 and 10 cents up to as high as you care to pay. We call particular attention to the completeness of this trimming stock. Bought of course to correctly match the dress goods and silks we have here. Its best recommendation is the number of people who rely upon this department no matter where the material may come from.

NEW WASH GOODS.

Among the new numbers in Wash Goods to show this week are: "Tissue Plissé" at 15 cents the yard. Printed Silk Crepe at 50 cents the yard. Serpentine Crepe in white and solid colors at 50 cents the yard. Genuine Irish Dimities at 25 cents the yard, and Anderson's Gingham at 25 cents the yard. Also Pique Madras at 25 cents the yard and Parure Madras at 20 cents the yard.

NEW SILKS.

Come and see them. No use trying to describe the beauties of these silks here. Whether you want to buy or not, come and see this showing. This store never had us pretty a display of silks. Never so many individual patterns and that is a reason for asking you to come now. As for prices we've silks on both sides of the dollar mark but to be particular about any one price we call special attention to the showing at \$1.00 the yard. Don't believe that you find silks like these marked at \$1.00 any place else in this vicinity, but that's something we leave for you to decide after you have seen the silks.

MADRAS CURTAINS.

Last week we had a window filled with these curtains and colored madras by the yard. Curtains started at 75 cents the pair and from that on up to \$3.00 the pair. Goods by the yard and by the pair. Some as pretty patterns and colorings as we ever had to show.

THE NEW SUITS.

Suit prices start at \$20.00 and from that on up to \$50.00. Don't believe that if you have a suit to make you can't get it made here. We are doing the suit business on a narrower margin of profit than most stores can afford, and that means saving you money and we ask you to come and see the suits and learn the prices and then you'll know whether this statement is correct or not. You have no right to buy a suit here if you can't get it made here. Now reverse the proposition. You're not to buy elsewhere if you can't buy as good here for less money. Are not both these statements true. It's a problem for you to solve and the suits here will tell their own story if you will come and see them.

CARPETS AND RUGS.

Think of the service you expect from the rug or carpet you intend buying this spring. Then if you are stranger to this carpet department ask your neighbors about the carpet we have here. You'll not have to ask more than one or two before you find out all about this carpet department of ours. The best advertisement we have in the carpet we have sold in years past, and we want the carpets we sell this season to help sell more carpets in the years to come.

GOVERNOR USES LITTLE HATCHET

On Bill Raising Salaries of
Philadelphia Mag-
istrates.

HOUSE DOES NOT MEET TODAY

Takes Adjournment Until Monday
After Having Transacted Consider-
able Business—Forest Reserve Bill
Introduced in House.

Harrisburg, Pa., March 12.—Governor Stuart has sent his first veto to the legislature, the bill to increase the pay of Philadelphia magistrates falling beneath his axe. The governor says in his veto that the bill would add \$1,000 to the salaries of twenty-eight magistrates and that "the salaries of public officers should not be increased nor should the number of public offices be increased, unless where the proper administration and dispatch of public business require it."

Governor Stuart has signed three of the pure food bills prepared by Dairy and Food Commissioner Kountz and passed by the legislature a few days ago. One of the bills prohibits the sale of any adulterated "soft drinks" and will abolish the business in beverages made out of coal tar dyes and chemicals. Another prohibits the sale of any eggs which are partially decomposed or otherwise unfit for food under penalty of a fine of from \$200 to \$1,000 or three to nine months in jail. The third prohibits the sale of land compounds unless properly marked under penalty of a fine of from \$50 to \$100.

Two bills of interest to Allegheny county were also approved. They permit county commissioners to procure land adjoining memorial halls and to empower clerks to county controllers to administer oaths and affirmations.

The two bills to create auxiliary law enforcement under the control of the state department of forestry were presented in the house by Representative Marvin of Pike. One of the bills is similar to one presented in the session of 1907 in that it allows timber land privately or corporately owned to be placed under the control of the state during new growth of trees.

Under the provisions of the bill no one can cut the timber on land placed under control of the state for twenty years and then only if the department of forestry consents in writing. Except for the title to the land and the benefits which may accrue when the timber is cut land is to all intents and purposes under control of the commonwealth. A companion bill places a tax of \$1 per acre on all such land.

The bill to make Columbus day, Oct. 12, a legal holiday passed finally in the house after a lively fight and now goes to the senate. The pure milk and ice cream bills passed finally and go to the governor.

The house rescinded the rule to hold a session today and adjourned until Monday.

COURT ROUTINE AND MATTERS DISPOSED OF

Interesting Description of a Poker
Game Indulged in New Haven.
Other Matters.

UNIONTOWN, March 12.—Thomas Shrum and Charles Remlinger of New Haven, told interesting stories before Judge R. E. Umbel and jury yesterday afternoon in No. 3 court room concerning a difficulty over a poker game in which they had several others indulged in not so long ago. Shrum was on the defensive, answering to a charge of robbery brought by Remlinger.

Remlinger declared that following a loss of some money by Shrum, the latter leaped to his feet, demanded his money back and finally took forcibly from him the sum of \$445. Shrum tells the story that a crowd was playing poker in Remlinger's room. Remlinger lost what little money he had, declared Shrum, and sat back, but continued to "check out" from all the pots until he had "raked" several dollars, when he again "sat in" the game, this time winning. When he was to the good he concluded to stop. Shrum stated that he was "reconstructed" with Remlinger, arguing that he had been broke once and only got a foothold by "checking out" from the pots made by the other players, and that he should not show such a palpable attack of "cold feet" as to quit with other men's money. Shrum said that Remlinger got to his feet, slammed the money down and told him to "get out with your d—d money and never come back." Shrum said he got out. The case went to the jury yesterday.

Pietro Macri, who was charged with stealing a lot of bracelets, pins and the like from the store of the Wright-Meteler Company in Uniontown, pleaded guilty yesterday and was sentenced by Judge Umbel to serve three years in the Western Penitentiary. The court stated that if the defendant would pay for the stuff he had stolen the sentence would be modified.

Radio Battery and Wolf Battery

must keep their cow and pocket their loss of a \$25 note or take some other proceedings to defend themselves. They preferred a charge of false pretenses against Robert Botkin, but yesterday when the case was called for trial the information was quashed, as it charged no criminal offense. The complaint reads that Botkin promised to sell them a healthy cow, but instead turned over to them a diseased cow and "they want back their \$25 note."

Oden H. Shoemaker and H. C. Davis entered pleas of guilty yesterday to two charges of selling oleomargarine illegally. At the same time an injunction restraining them from further sales was made permanent.

S. B. Ordorff charged with mail-carrying mischief by Railroad Officer T. C. Phelan, pleaded guilty. He broke down the door of the railroad office and made an attack on Yardmaster M. J. Fethers.

Joseph C. Cope, charged with paternity by Maggie E. Minkus, of Dunbar, was acquitted of the more serious responsibility but convicted of a misdemeanor.

The court ordered the report made on the charge of larceny against Bert Savage by the Grand Jury stricken from the record and the bill to be submitted to the June Grand Jury.

Viewers' reports in two cases against the Indian Creek Valley Railway Company were filed yesterday, each awarding damages for land taken in Springfield township. The cases were brought by John McClelland and John E. Wills.

In the Collins case the viewers awarded \$750 damages for 3.602 acres of ground to be used for a right of way 23 feet wide and for a station, the property at this place widening to 63.3 feet.

In the Wills case the viewers awarded \$100 damages for 2.978 acres used in a right of way 33 feet wide.

In both cases the same viewers were used. They are Michael Rafter, Frank C. Bush, John Hurlbath, Henry H. Rothmeyer, Thomas L. Butler, Tilden Kern and Adam A. Whittrout.

A number of citizens of Lower Tyrona township filed a petition in court yesterday asking for the appointment of John W. Newell as tax collector for the township, because of the failure of William Hickey to qualify. Hickey was the regularly elected collector. Judge Van Swearingen ordered the petition filed.

A bill for services and expenses of the Perkins Detective Agency's representatives, S. H. McKee and Jennie Owens, in the recent jail investigation, was presented to the court yesterday and ordered paid. The amount of the bill is \$150.00.

The itemized statement fills three typewritten pages. The largest item of expense was that for service, the total being \$256. The difference is made up in an expense account, the largest items being hotel expenses which run up to \$110.20.

The county commissioners were ordered to issue an order on the treasurer for the sum specified in the bill. The county pays this bill.

The will of the late Cornelia Ammon, of South Brownsville, was left for probate yesterday. The estate is valued at \$6,000 and that Ammon Milligan is made the executrix and comes in for the estate. Robert Young of Pittsburg, was a witness to the will.

VANDERBILT.

VANDERBILT, March 12.—W. J. Runney is having a new stable built at Paul, in place of the one that burned.

Anna Morrow was a recent Davison child.

Edna Brown was in Connellsville last evening.

Percy Martin was in Dawson yesterday on business.

U. G. Bluff will build a new two-story brick building in the near future. It will consist of a store room and eight-room residence.

Robert Young of Pittsburg, was a business child here yesterday.

The funeral of the infant child of Mr. and Mrs. David Heck took place yesterday. The cause of death was congestion of the lungs. Interment in the Union cemetery.

Harry Reed was a Connellsville caller yesterday.

LARGE CROWDS AT AARON OPENING.

Magnificent Furniture Store Thronged With Admir-ing Hundreds.

PRETTY SOUVENIRS PRESENTED

Courteous Employees Showed Visitors Over the Big Building, and Furni-ture Attractions Created Much Fav-orable Comment.

The annual spring opening of The Aaron Company held yesterday after-noon and evening was one of the grandest and most successful affairs of the kind in the history of the company. It is estimated that between the hours of 2:30 o'clock in the afternoon until 10 o'clock last evening fully 5,000 people principally women inspected the grand display of furniture on exhibi-tion for their inspection. From 2:30 until 3 o'clock the crowd was accom-modated by every department being crowded to its utmost capacity. The souvenirs given to the ladies were very dainty handpainted plates and were highly appreciated by the ladies who ar-rived before the large supply was ex-hausted. In each department the large crowd was greeted by a member of the company or one of the employees. The courteous treatment had much to do with the success of the opening.

On the first floor was shown one of the grandest and largest displays of dining room furniture every exhibitor in Connellsville. All the newest de-signs were seen in mission, Tana, mahogany, solid, quartered oak, Circu-sus, etc. The second floor is ex-clusively devoted to carpets, drap-eries, wall paper, etc. The third floor was replete with a fine display of bed room furniture. Fitted up in elegant style was a bed-room. The bedroom suite with the ex-ception of the bed which was a very handsome brass one, was in dull ma-hogany. The fourth floor is devoted to upholstered goods while on the fifth floor was shown a wide assort-ment of library furniture. In one cor-ner of the room was fitted up a li-brary in mission. Exquisite taste was shown in the arrangement of all the furnishings and many compliments were passed upon the excellent taste shown in all the details. Every depart-ment is stocked with a complete line of furniture. A feature of the open-ing was an excellent musical program rendered both afternoon and evening by Kiefer's full pipe orchestra.

ROB WOMAN IN DAYLIGHT.

Knock Her Down and Take Money For European Trip.

WILKES-BARRE, Pa., Feb. 21.—Two men stepped up to the front door of the residence of Frank Suda, and when Mrs. Suda responded to the ring-ing of the bell they knocked her down, bound and gagged her and made off with \$750 which had been secreted in a bedtick. Mr. and Mrs. Suda had withdrawn the money from the bank with the purpose of spending it on a trip to Europe.—Telegram to Pitts-burgh Dispatch.

Another instance of the folly of keeping large sums of money in the house for even a single day. Before you go away on a trip either in this country or abroad, go to the First Na-tional Bank of Connellsville, and get a Letter of Credit, Traveler's Check or Bank Money Orders. These are just as good as cash to you, but not to any other person without your order. You risk your life as well as your money when you carry large sums about with you or hide money at home.

ANNUAL MEETING.

Of the Woman's Culture Club to Be Held Monday Afternoon.

The annual business meeting of the Woman's Culture Club will be held Monday afternoon at 2:30 o'clock in the Carnegie Free Library hall. The meeting is one of the most important ones of the year and all members are urged to attend.

The annual election of officers will take place and other business of im-portance will be transacted. The last meeting of the club will be held on May 24 and as heretofore will be in the form of a reception.

Physicians Are Naturally Prejudiced against proprietary or advertised medi-cines, as the sale of these remedies decreases their incomes.

However this may be, the general public is benefited by the use of such standard medicine as Lydia E. Pink-ett's Vegetable Compound, with its wonderful record of thousands of cures among suffering women. We are very glad to say, however, that there are hundreds of honest physicians in the United States who do not hesitate to recommend such medicines.

Boy Is Missing. March 12.—John Hull, aged 14, started from home Mon-day to attend school, played the trum-pet and hasn't been seen since. Mrs. Jane Hull, his mother, is worried.

Notice to Delegates. A meeting of Central Trades Coun-cil will be held in Stader's Hall Friday evening, March 12th at 7:30 o'clock. All delegates should be present. Harry Wilson, President.

NO NEW CASES OF SCARLET FEVER.

Little Victim of Disease at Scottdale Buried Yester-day Afternoon.

WATCH CLOSELY FOR OUTBREAK

Those Who Disregard the Public Health Will Be Placed Under Com-plete Quarantine—Most Helping Prevent Further Cases.

SCOTSDALE, March 12.—The body of little Lola Michael, daughter of Rev. and Mrs. D. W. Michael, who died so suddenly from a malignant attack of scarlet fever, was buried privately yesterday afternoon, in accordance with the law directing that ones dying from this disease be so buried within 36 hours following the death. The health officer and Board of Health had a very busy day yesterday in giving warning against the danger of allow-ing children who had attended the same room in school with the little victim, in keeping them away from oth-er children and the members of the family. The most of the parents valu-ing the lives of their children and oth-er children, as well as the health of the community at large, instantly took the precautions that were prescribed to prevent spreading of the disease, put the children that had been ex-posed in separate rooms from the rest of the family, boiled the clothing that they had worn to school, and kept them from coming into contact with other children. The school room has been closed for 10 days, and this ex-tends to Sunday School and church, no child that attended that room in school shall attend Sunday School or other public gathering. In spite of the grave danger and the attempt to restrain and prevent any further cases of the disease some of the parents disregard-ed the instructions of the board and permitted their children to roam about the streets, go to public places and took no care at home to prevent infec-tion if any is existing. These the board had to notify that the State towns sternly upon such disregard of the public health and that the most se-vere penalties fall upon those who ex-pose the public to such danger as scar-let fever. No new cases were report-ed this morning.

Those who disregard the public health and permit in this will be plac-ing in danger their own children. How-ever, it is thought that all will work to pre-vent any more cases of the disease.

Have Bought Church Property. The Morning Star Baptist congrega-tion, of which Rev. H. E. Overton is pastor, it is announced, has bought the Connors hall property in North Scottdale for their church home. They have made the first payment and now have possession of the building and are using it for their services.

Two Deaths Reported. John Coyle, aged about 70 years, died at his home in Kingwood this morning. The infant child of Mr. and Mrs. James Donahoe died today, aged one week.

A REMARKABLE ECZEMA CURE

No More Itching Sores of This Dreaded Disease.

Eczema has long been one of the most dreaded of diseases, not only from the itching and humiliation it entails, but also of the difficulty hitherto found in curing it. Doctors have failed, and the desperate patients have resorted to self-treatment with a host of remedies, only to meet with disappointment. Now all this is changed. A sure and speedy cure for eczema—absolutely unfailing, as thousands are ready to testify—has at last been discovered. Dr. Taylor's Eczema Remedy has established itself as a reliable, blood-purifier and skin cleanser. Its use has enormous results in the treatment of eczema, as its efficacy has been learned. For not alone in this remedy effect, but also of the difficulty hitherto found in curing it. SIMPLE RECIPE FILLED OFTEN.

Local Druggists Say They
Were Kept Busy All
Last Week.

RELIEVES ALL THE LAME BACKS

No Sufferer of Kidney or Bladder
Troubles or Rheumatism Should
Leave It Untried—Is Easily Mixed
at Home and All the Ingredients
Are Harmless.

That the readers of this paper appreciate advice when given in good faith is plainly demonstrated by the fact that one well known local pharmacy supplied the ingredients for the "vegetable prescription" many times within the past two weeks. The announcement of this simple, harmless mixture has certainly accomplished much in relieving the great many cases of kidney complaint and rheumatism here, relieving pain and misery, especially among the older population, who are always suffering more or less with bladder and urinary troubles, backache, and particularly rheumatism.

Another well known druggist asks us to continue the announcement of the prescription. It is doing so much real good here, he continues, that it would be a crime not to do so. It can not be repeated too often, and further states many cases of remarkable cures wrought.

The following is the prescription, of simple ingredients, making a harmless, inexpensive compound, which any person can prepare by shaking well in a bottle: Fluid Extract, Dandelion, one-half ounce; Compound Sassafras, one ounce; Compound Syrup Sassafras, three ounces. Any first-class drug store will sell this small amount of each ingredient, and the dose for adults is one teaspoonful to be taken after each meal and again at bedtime. There is enough here to last a week, if taken according to directions. Good results will be apparent from the first few doses.

THEATRE

"The Time, The Place and The Girl." Another of the Chicago products, backed up by a New York and Boston reputation, in the musical entertainment line, is to be offered to Connelville theatre goers next week, when "The Time, The Place and The Girl" will be the attraction. This offering has been designated as "a comedy with music and a reason," and comes with a somewhat distinct record—that of having the longest run of any production presented in the Windy City, and like runs in New York, Philadelphia and Boston. "The Time, The Place and The Girl" is another collaboration of that prolific trio, Joseph Howard, Will M. Hough and Frank R. Adams, who have been responsible for "The Empire," "The Girl Question," "The Land of Nod," "The Honeycomb Trail," "A Stubbish Cinderella," and others.

The engagement of "The Time, The Place and The Girl" which is at the Soisson matinee and night, Wednesday, March 17, brings Arthur Dunn of comedy fame here as a topknot of the cast. Mr. Dunn appears as a carefree gambler, whose vocabulary is characteristic of the kind who corners all situations when he finds himself caught at a quarantined situation.

Baumgardner Found Guilty. Franklin, Pa., March 12.—Guilty as indicted was the verdict in the case of County Commissioner Harry H. Baumgardner, charged with misdemeanor in office. The verdict carries with it dismissal from office.

The Best of All Soaps for the Bath

Your Druggist Knows Why—Ask Him

Resinol Soap possesses every advantage of the purest and most delightful toilet soap, and in addition soothes and heals the skin by virtue of the Resinol it contains.

Resinol has been prescribed for many years in treating all kinds of skin diseases. It is this standard skin-specific which makes

RESINOL SOAP

superior to other toilet soaps for the bath and for general toilet use. Ordinary soaps, even the purest of them, do not protect the skin. In fact they are a common source of transmitting various diseases of the skin. Resinol Soap affords an antiseptic protection against all skin disease contagion.

Your Druggist Sells and Recommends It

Use Resinol Soap in your home, if you value health as well as cleanliness.

MAURICE REUBEN IS BACK AGAIN

Converted Jew Who Made Impression
Here During the Y. M. C. A.
Convention.

Maurice Reuben, the converted Jew who delivered a number of addresses here while the State convention of the Y. M. C. A. was being held here last year, will assist Rev. W. E. Bassett, of the South Connelville Evangelical Church in revival exercises the balance of this week.

Among the subjects which he will discuss upon are: "A Message on Israel," "Why I Became a Christian," "Captain Dreyfus, the shame and fall of a Jew," "The Story of My Conversion," "The Passover, illustrated with priestly robes and emblems," and "Hath God Cast Away His People?" Today there is an all day Pentecostal meeting, with services this morning at 10 o'clock, 2:30 and 4:30. Mr. Reuben will be at the church over Sunday.

Rev. Bassett has been holding services for several weeks and to date there have been 35 conversions. Rev. Bassett extends a cordial welcome to all, and in the event the Suburban cars are taken advised them to "light at Wine street."

REHEARSAL TONIGHT.

Pinafore Company Will Go Through
Paces at the Armory.

PUDDLERS DO BETTER

Obtain 12½ Cents Per Ton Increase
For March and April.

Youngstown, O., March 12.—The wages of puddlers were advanced 12½ cents per ton by the terms of the bi-monthly settlement between the mill operators and Amalgamated Association of Iron, Steel and Tinworkers in Pittsburgh.

The puddling rate is now \$6.37½. Puddlers are given a 1 per cent advance. The new rate is for the months of March and April and about 10,000 men are affected.

GOOD ENTERTAINMENT.

To Be Had at the Lyric Where Head-
liners Are Performing.

The bill at the Lyric theatre for the last half of the week has as its headliners, Little brothers, an acrobatic act the equal of which is rarely seen here. Lonnie Roxborough, the singer and black dancer, creates quite a sensation in her Gibson girl act. Richard Hampton, the ventriloquist, who works six figures, keeps his audiences in a constant uproar. "The Lyric's wonder" is Katharine Miller, the versatile Illinois actress and change artist has remained over for another week. She features her change from black face to white, and creates a good laugh and a good time for all who witness her performance. A pleasant time is assured to those who visit the Lyric this week.

Table Cloth Values That Are Remarkable

ONE HUNDRED MILL-ENDS, 2 YARDS, 2½
YARDS AND 3 YARD LENGTHS AT A THIRD
LESS THAN THEIR WORTH.

Flax idealized both as to use and beauty; flax commercialized in a way that means the best value in the finished article that your money ever bought. These short lengths of table damasks come to us direct from the looms. They're mill-remnants; fresh, clean, shining damask in beautiful new designs and just table cloth lengths. These are not soiled, wrinkled, store remnants, but come to you fresh from the looms of the best linen mills. Every design brand new. Another advantage, aside from economy is the vast number of designs, nearly forty different patterns to select from. We've spread these immaculate linens along our main aisle counter. Here you'll find them just as they came to us from the maker. Their value range is from 75c to \$1.50 a yard. Our prices are a third under value.

Hemstitched Chiffon Veils

Worth \$1, \$1.25 and \$1.50

These veils are shown here in all wanted shades. They are not old stock, as you might surmise from the radical nature of the pricing. Every veil is spun span new; not one of them has been in the store more than six days. They are shown in plain hemstitched chiffon in every desirable shade and in chiffon having chille dots. Every woman in this town knows that she's never seen hemstitched chiffon veils advertised, previous to this announcement, at so low a price. We'll show these veils in our window and you'll easily see the remarkable value they represent.

49c

They are admirably adapted for street or evening wear, according to the color and the weave. This variety is very satisfying as the purchase included nearly one hundred veils, all of them of a quality and design that will fill the wants of any women who desires a stylish veil, and they're absolutely worth \$1.00 and \$1.50. OUR PRICE 49c.

One Hundred Dozen Huck Towels

20x38 Inches in Dimension and Worth 15c

The size of these towels combined with the selling price, 10c, tells the whole story for you've never seen a towel offered at 10c as large as this one.

You'll find these displayed in our basement store. These towels are of good quality huck and have a "fast color" red border, a slightly durable towel at a mighty little price.

10c

Measure any towel you have at home that you've paid ten or even fifteen cents for, you'll find it falls sadly short of the size of these towels.

DANDRUFF

GERMS MUST GO.

In America the dandruff germs must go. The war of extermination has been declared. The battle has begun, and already thousands of intelligent Americans have permanently rid themselves of this filthiness.

Today it is no more necessary for a man to have dandruff in his hair than to have tartar on his teeth.

Dandruff can never be cured until the small, aggravating and indomitable dandruff germ is conquered and destroyed.

And millions of dandruff germs have been destroyed, thanks to the great scientist and dermatologist who gave to the world Paritol Sage, the only real dandruff cure and hair grower the world has ever known.

If you have dandruff, Paritol Sage will cure you in two weeks, or your money back.

But besides ridding the scalp of dandruff, Paritol Sage is guaranteed to stop falling hair and itching of the scalp. It is not a dye. It is a prime favorite with women of refinement. It makes the hair soft, lustrous, and beautiful, and is not sticky or greasy. A large bottle for 50 cents at A. A. Clarke's, or by express, charges prepaid, from the American makers, Glouster Mfg. Co., Buffalo, N. Y.
